

## Prestigious Reverse Osmosis Water Faucets

As your premiere manufacturer *and* supplier of reverse osmosis and water filtration systems, Pureteck Water Treatment Technologies offers one-source convenience and ultimate quality control. Serving residential, industrial, and commercial markets.

***High-tech  
filtration meets  
high-end style—  
Pure Genius***

### **Unsurpassed Quality**

Pureteck is not just a supplier. We're also the manufacturer. We take pride in every aspect of water filtration from our products' raw materials to the end user's satisfaction.

Crafted from the finest elements available, our reverse osmosis faucets are built to last and start with precision engineering and careful attention to detail. Using stainless steel spouts, nickel-plated inlets, preinstalled tubing, and quick-connect fittings, Pureteck faucets beat all industry standards, earning *both* NSF and UPC certification. You won't find a better reverse osmosis faucet on the market.

### **Timeless Beauty**

Pureteck water faucets are intelligent works of art. With three style lines and more than a dozen standard colors and finishes, Pureteck faucets compliment any décor from classic and traditional to contemporary and eclectic. If you want a custom touch, we'll match any color you bring in—just call us.

Choose from the simply tasteful F01 long-reach series with its convenient, self-closing lever; the sophisticated European ceramic F07 series with its elegant quarter-turn handle; or the new F08 series with its sleek goose-neck design.

# Prestigious Reverse Osmosis Water Faucets

## Peace of Mind

Every Pureteck water faucet comes with its own replacement parts kit, is fully guaranteed for two years, and qualifies for a significant discount when purchased in large volumes.

## F-01 Series - Standard Long Reach Faucet
